29th March 2019

Dear All

FBS Community Governor

I am currently looking for nominations to represent the local community on the Governing Body.

There are 11 school Governors, tasked with overseeing the school's performance, ethos and ambitions. To ensure FBS is truly anchored in the community it was set up to serve, the school's Founders specified that the Governing Body should include a Governor representing community interests – which could come, for instance, from local business, charities, resident groups or other local organisations.

The Fulham Boys School is a publicly funded, independent secondary school, which opened on a temporary site in September 2014 with its first cohort of 120 boys. It grows year on year until September 2020 when we will have our full intake of 800 boys. We move into our landmark permanent home in the heart of Fulham in 2020.

FBS is built on the Christian Faith, with its entire ethos geared towards boys, and with a commitment to nurturing business, social and personal enterprise. All governors are expected to defend and support its distinctive ethos.

We have a strong and committed governing body that regularly audits itself to ensure the full range of necessary skills are present. The specific needs are, currently, for those that could add:

- Financial oversight
- IT experience
- Ability to review and analyse complex matters, particularly data
- Experience in managing strong, strategic objectives
- Educational expertise

Fulham Boys School Ltd. Registered in England & Wales, No.7650064. Registered office: Mund Street, Gibbs Green, London W14 9LY

If you would like further information, or would like to discuss the role, please contact Jane Proudfoot, Clerk to Governors on j.proudfoot@fulhamboysschool.org.uk or 02073817100.

With Best Wishes
